

Looked into the mirror and I found it wasn't me.
Saw with eyes of confusion what I didn't want to
see.

Saw a light go out inside me. Felt an emptiness
within.

Felt the years come down around me. Time
could not repay.

Many times together I walked hand in hand
without you.

I was there beside you. Yet you were there
alone.

Saw a light go out inside me. Felt an emptiness
within.

Felt the years come down around me. Time
could not repay.

It was once upon an evening when you went
away.
